## Need a part-time minister or Bible Teacher?

Does the pastor need time off, due to illness or need for rest and renewal? Or do the people of the congregation need an encouraging boost in their lives, with a fresh teaching from the Word of God? Do many in the congregation seek concrete answers and strategies to cope with the

current economy and come out victorious? Rev. John L. Witwer, an ordained minister of the Gospel, and Publisher of the Church & Christian Business Guide in Denver for the past sixteen years, has filled pulpits and teaching positions temporarily in local churches many times in the past.

For the past two years he has conducted extensive computer-based Bible research and has been teaching a new series entitled **LIVING THE PRAYER OF JABEZ**, based on the very popular Prayer of Jabez. See pages 46 and 47 in this Guide issue for a full description of this powerful new series. This series has now been taught in several local churches with great results. Miracles are happening in the teaching sessions and in private one on one counseling sessions that often follow these teaching sessions. For an announcement concerning the next teaching of this powerful new series, visit [www.churchguide.com](http://www.churchguide.com) and click on the banner to display and print more information.

## The Monthly Dinner Meeting of Pastors Anonymous Brings Refreshment, Ministry and Encouragement to Pastors and Their Spouses
