

Should CHRISTIANS Be the HEALTHIEST PEOPLE on Earth?

By: Woodrow Keener, Trainer & GBG Products Distributor

I believe Christians should be **The Healthiest People on Earth**. We have been given all of the best possible instructions to achieve better health (i.e., in The BIBLE) and yet there is often little difference between most believers and the rest of the people on Earth. Have you ever wondered, ‘Why is this?’ In Hosea 4:6, we are told that God’s people are destroyed for

lack of knowledge, and their children were rejected because they rejected the laws of God. If we fail to learn about the value of good nutrition or neglect the wisdom of God, we may literally open the door and allow sickness to assault our bodies and diminish our potential. Further, it is possible that we bear some responsibility for current trends with our children having more health issues today like obesity and Diabetes. Wouldn’t you like to be one of **The Healthiest People on Earth** and help to give our children an opportunity for improved health? **Good personal health is a choice!**

A skeptic might ask, “Why do you believe Christians should be **The Healthiest People on Earth**?” Well, for example, Moses wrote a number of books of the Bible and gave sermons until he was 120 years old. In his later years Moses’ strength was not abated and his eyes were not dim. Jesus said, “I have come that you might have life and life more abundantly.” During his earthly ministry great multitudes gathered around Jesus and **He healed them all**. Twelve business men were gathered together and trained by Jesus, so that they would continue His ministry. He told them that, if they believed in Him, they would do the same things He did and even greater, after He returned to Heaven. In the Great Commission, Christ’s disciples were commanded to lay hands on the sick and were promised that “they will recover.” Psalm 107:20 tells us that “God sent His word and healed them, and delivered them from all their destructions.” For those who wish to pursue healing and deliverance, the Word of God is very important.

People eat foods which are too rich in calories and are often very poor in nutrition. Much of the food we consume is over processed, picked green, then gassed, and it often takes several days to get food to the retail store. Each food processing step or day in transit reduces the good stuff in our foods; such as vitamins and minerals, and important trace minerals. Sugar, in many forms, is added to a lot of foods. In Daniel 1:12-16 we see the profound impact of a diet of **vegetables and water**. After only ten days Daniel’s countenance appeared better

than all the others and in due course of time he became by far the wisest of all who were in the king’s retraining program. Daniel’s career developed to the point that he served four kings as a top administrator. Shouldn’t we be following the example of this great, wise man?

Many people seek to improve their nutrition by taking good food supplements. In recent nutrition literature we are told that over 70% of all people over 70 are using food supplements. So a lot of people take supplements, but which ones shall we choose, and are they well balanced and economical choices? Bio-available supplements can be very expensive, and who wants to take 5 or 6 capsules a day or more? One lady took a whole fist full of vitamins with her lunch recently. Can you imagine how much she was spending for vitamins and minerals each month? Since I’m getting up there in age myself, these kinds of questions sent me on a search for good answers to my own nutritional questions. In the Book of Beginnings, in Genesis 1:29, we are told that God provided man with grains and fruits for his sustenance. It appears that God, in His great wisdom, intends for man to include generous portions of grains, fruits and vegetables in our diets, to stay in the very best of health.

I began to ask myself, “Is there a Christian-based company with pure motives and on a godly mission, and has a good track record of results? Do they provide economical ‘All-In-One’ products to help me maintain good Health and Nutrition, in a manner consistent with God’s wisdom?” After a lengthy period of searching, the answer to my critical question was “YES!” At least fifty of my friends and I tested their products for more than a year, and we started to receive a number of great testimonies from product users, so I decided to go all out in telling others about my amazing discovery. I am delighted to introduce our readers to this company and its outstanding products; simply click on my hot linked web site address www.prosperandbeinhealth.us/.

You can watch the Video or just click the ‘Product’ tab. When you take the ‘10-IN-ONE’ nutrition supplement you actually consume 10 different formulas all at once that impact your entire body. Note the amount of vegetables, fruits, and grains in this great product, that comes highly recommended by Dr. Carol Forman Helerstein, a licensed Clinical Nutritionist for over 25 years.

About 70% of Americans are overweight, and our precious children are increasingly obese and subjected to unprecedented infirmities like Diabetes. Is there a Product that can help us to lose 5 to 25 pounds or more and keep it off? It seems like

most of the country is on a diet of some kind these days, and we know how many diet programs usually work out. We literally need the “**Will Power**” to cope with this modern plague and avoid the roller coaster diet ride. You just want to ‘Beat’ all those food cravings, lose weight and stay on a good nutrition and health track. Go to my web site

www.revelations21.com

watch the video and read the information presented by Dr. Carol pertaining to healthy weight loss. This product can change your life and help you become one of **The Healthiest People on Earth!** In the process of conquering your own weight challenge, you might also consider joining our team and becoming a part of our crusade to help Americans improve their health and preserve our children’s well being. Think about this incredible truth ... Jesus gave His life for you that you would have life more abundantly!

“**Healthy, Wealthy and Wise**” goes the old saying. Are you? Do you want to be? You can! But it will probably require you to make some important changes for the better! In Proverbs 24:3-4 (AMP) we read, “Through skillful and godly Wisdom is a house (a life, a home, a family) built, and by understanding it is established [on a sound and good foundation], And by knowledge shall its chambers [of every area] be filled with all precious and pleasant riches.” In 3 John 2 the Apostle John prayed for Gaius, his ministry and evangelism companion: “Beloved, I pray that you may prosper in all things and be in health, just as your soul prospers.” It is a good thing to pray that others would prosper and be in good health, and that their souls would prosper. As we pursue godly Wisdom, Understanding and Knowledge, our riches will likely increase so that we can help others who are less fortunate. That is our vision.

Earlier I asked, “Is there a Christian-based company that has pure motives, a godly mission, and products that have established a good track record of helping people to improve their nutrition and health?” After an extensive search on my part, spanning quite a period of time, I evaluated many companies and products. I came to the conclusion that “YES, there is such a company!” and I have already introduced that firm in my web site www.revelations21.com above. If you take the time to check out this firm, you will find they make it possible for new users to quickly experience the benefits which the products are designed to produce. They have assembled some of the finest professionals in the world, in the areas of nutrition, distribution, network marketing, web site development, tax reporting and advisory services, and more. Their training materials contain many instructions that are in harmony with Scriptural principles concerning training of network marketers, service to

needy people, and career development.

GBG, which means **Guided By God**, has now been in business for fifteen years. They have hundreds of thousands of testimonies which speak loud and clear concerning the improvements which their customers have experienced in nutrition and health. I have confirmed that those testimonies were both valid and inspiring because, as I have used and distributed GBG’s products over the past year, I now have fifty more testimonies from my own customers. Each GBG customer and product user on auto ship has their own web site, at no added cost. GBG asks the following important question: “**Are you ready to lead the life you deserve?**” They go on to say, “At GBG, we work each day to help you do just that! Our commitment is to help you improve your **LIFE! HEALTH! & WEALTH!**”

In April 2010, I met Rev. John L. Witwer, President & Publisher of the **Church & Christian Business Guide in America**. His wife, Diane, had just come out of the University of Colorado Hospital Cardiac Care Unit, where she was treated for congestive heart failure, a

collapsed lung, and a host of other related ailments. John had been asking the Lord how he could help his wife regain her health. All I did when we met that first time was give John a GBG DVD and a product sample. They watched the DVD and decided immediately to start using the 10-IN-ONE product and have used it steadily since we met over one year ago. They also quickly became involved in distributing GBG products, as they have both been involved for many years in healing the sick and training others to do the same. Their dramatic testimony of the restoration of their health can be found at
