A Passionate Approach to Personal Asset Preservation, Growth and Distribution

I'd like to share my heart with you concerning the stewardship of personal finances. I have a passionate desire to spread the gospel, advance God's Kingdom, and help God's people become more effective in preserving and multiplying their assets. As we learn to more effectively manage God's provision in our lives, we enjoy the fulfillment of helping to build the Kingdom and become a greater blessing to our family members and community. God gives seed to the sower and wisdom to diligent planners, so that the Body of Christ might prosper.

My greatest passions are:

- Sharing what Jesus has done and continues to do in my life (My/His Testimony of Miracles) and teaching others to do the same.
- Protecting widows and orphans, homes, personal incomes, businesses and family assets.
- Helping with retirement preservation and wise asset distribution to heirs, charities and community organizations while minimizing tax consequences.
- Assisting in building businesses, ministries and churches for His glory.
- Implementing Biblical financial principles to protect and multiply Kingdom resources and perpetuate the spreading of the Gospel.

Your Family's Preservation is our Mission

In the interest of protecting your loved ones from the unforeseen consequences of an untimely death, illness or loss of income! (Life happens). It is my mission to educate you concerning old outdated, incomplete death Insurance programs, and introduce you to vital NEW LIVING LIFE INSURANCE concepts that our companies provide!

I emphasize the importance of the new living life insurance; because of the highly probable and devastating effects of critical or chronic illness! These life insurance benefits enable you to receive financial benefits during your lifetime and help you to continue to enjoy your loved ones. You do not have to die to collect on your "life" Insurance. For families with young children, especially in the case where the wife stays home, life insurance is vital to protecting the surviving family's financial future.

Here are some video stories and testimonials from actual clients and their families who have enjoyed our living benefits, click on:
