Connecting God' People to God's Word

## The Mission

**The mission of the Ezra Project is to connect God's people to God's Word by promoting the Bible as the Word of God, so Christians become daily Bible readers. We want to see Christians enjoy the promises of God, by living according to the Word of God.**

## The Need

In 2011, Barna Research reported results of the State of the Church over the past 20 years, 1991-2011:

- "The biggest shift has been in people's perceptions of the Bible. In 1991, 46% of adults strongly affirmed that the Bible is totally accurate in all of the principles it teaches. That has slumped to just 38%...today."
- Along with the drop in belief in the Bible, "Bible reading undertaken during the course of a typical week...has declined by 5 percentage points. Currently an estimated 40% of adults read the Bible during a typical week."

Only 16% of Americans read the Bible daily and 41% say they rarely or never read the Bible. Christians are becoming Biblically illiterate and nine out of 10 do not have a Biblical worldview.

The majority of people claiming to be Christians also claim to have no time in their day to engage in Scripture. They tend to base their beliefs on their own notions and not from the Bible which they do not regularly read, according to the Center for Bible Engagement.

## The Solution

Since 2002, the Ezra Project has been encouraging Christians to come back to God's Word, by offering worship service messages, Bible conferences, and *Mighty Men of God* retreats. Over 11,000 people have made commits to daily Bible reading. Contact The Ezra Project today.

## Founder/President

Allen J. Huth started reading the Bible at age 15, after God saved his life physically and spiritually in a tragic car accident. That night, God led him to His Word, a Bible on his bedroom bookshelf. He has been a daily Bible reader ever since. Allen worked for the Colorado state legislature, the Colorado Association of Commerce and Industry, and was a partner in a business consulting firm before God called him to start the Ezra Project. He has conducted speaking engagements in over 20 countries.
