Great Resources for Grieving Hearts

When Reverend. Yong Hui McDonald's husband died suddenly in a car accident, she was grief stricken and immobilized, but God brought healing in her heart. This experience motivated her to offer help to others. When people experience grief and loss, they can become immobilized with pain. As a hospital and jail chaplain, Reverend McDonald has helped many grieving people. She founded [GriefPathway Ventures, LLC](http://www.griefpathwayventures.com), to share the insights she has gained from her ministry, from her personal grief and healing, and from her meditation and prayer projects.

Maximum Saints

Transformation Project Prison Ministry collects personal testimonies and art of the "Maximum Saints," prison inmates who are spiritual leaders. We publish this work in books and DVDs and distribute them to be used in prison ministries across the USA.

You can help empower the Maximum Saints to minister to their fellow inmates. We rely on donations to print and distribute ministry materials.
