

Olde Tyme Architecture, LLC

Residential and Commercial Architecture

www.otarch.com

Olde Tyme Architecture will work with you on the following types of residential projects:

- Kitchens and Bathrooms
- Remodels of all sizes
- Additions
- New Homes
- Historic Preservation
- Interior Design
- Energy Saving Design

Whether it's a remodel, addition, or a brand new home, Olde Tyme Architecture has the skills and experience to make your dreams a reality! Why go through the hassle of trying to sell your home to get more space, an updated design, or modern amenities? We can design to your needs, and our relationships with local and national contracting firms will bring your project to completion on time and on budget!

Olde Tyme Architecture also performs work on many types of commercial projects, including:

- Tenant Finish
- Restaurants & Retail
- Banks and Credit Unions
- Medical and Health Care
- Interior Design
- Design-Build

We always provide a free initial consultation to review your project ideas and goals!

Olde Tyme Architecture - Quality Architecture & Design and Honest Business with Integrity!
